By Jen Duan

This is a useful introductory reading for anybody who wants to get familiar with airbnb. Outlines most of the issues that a potential airbnb landlord might face or have to address but not in depth. Airbnb makes great sense if you own or already manage properties, Very useful information, did not know about such type of business, now started to think about doing something similar. Helpful information, real story with author's experience, with good recommendations and advice. Definitely recommend to read for those who is thinking about starting your own business.1 of 1 people found the following review helpful.
