It will certainly depend on your prepared demands. However, we consistently suggest that publications [Crushed By Amity Hope](#) can be an excellent invasion for your life.

CRUSHED BY AMITY HOPE PDF

Cleo's life had always been far from perfect. She'd considered herself lucky because she had a little sister she adored and close friends she could always count on. But after the unexpected death of her mom, life became a whole lot more complicated. Until the day she tumbled into Reece's arms. He was the one who led her through the darkest days of her life. Reece knew how ridiculous it was to think that he was going to end up with the girl he dated in high school. But he had foolishly thought that he and Cleo had a chance. They'd clicked in a way that went far deeper than he ever thought possible. So, ridiculous or not, he had thought he and Cleo would be forever. But then without warning, she'd ripped his heart out and tossed it back to him. So obviously, he had been wrong. Now he's not sure how he's going to be able to deal with seeing her every day. Now that she's so over him. Or...maybe she's not? Because what Reece doesn't know is that Cleo has a secret. If it had been up to her? She would never have let him go.

Reece not for me

By Amazon Customer

I enjoy this authors books, although this one was not for me. I found Reese to be niave and shallow. He spends half the book with another girl. His internal dialogue was all over the place. How he loves Chloe and knew something was not right the day she leaves him. But two days later he is with the girl who degrades Chleo when ever she can. He talks about how that was not something he is proud of but he stays with this girl the whole summer (and most the book) never once going to see Chloe. He talks about how hot his current girlfriend is and how he needs to be nicer to her and then he cannot stop thinking of Chloe. It was one contradiction after another and all he does is hurt the girl he loves and gives her up without a fight. Again I do enjoy this authors books but this one did not hit the mark.

Where can I get a Reece?

By AR

There are certain elements I have come to expect from Amity Hope's books.

A strong leading female.

That strong female always makes the first move with the leading male.

A kick-ass best friend.

A dose of realism in the climactic scene.

I am a little concerned that people are going to expect too much from this book. This isn't Twisted, it's not meant to be Twisted. It does not have the same heavy themes and the characters are not going to compare. This is a lighter read, but not completely without drama.

Cleo is a strong leading female, now a senior in high school. She has a lot of issues at home, all in the form of her younger sister's father, who I understand is her step-father. Cleo's mother died and she takes care of her younger sister, both emotionally and mostly financially, but sometimes her sister's father will contribute.

The story begins with Reece -- he is in love with Cleo and doesn't understand what happened between them. He's angry but is still trying to understand. The one comparison I can make to Twisted is that if Maya Anderson were a boy, she would be Reece.

Maya took rejection, was never deterred. I think Reece may actually top her on this one. After a seemingly perfect relationship that was healthy and stable, unlike most teenage relationships, Cleo drops Reece in the worst way in the world of a teenager.

At school, in front of everyone. Not only that, but as Reece is basically begging her not to break up with him, another guy walks up and Cleo takes his hand and walks away with him. Away from Reece.

After that humiliating and devastating experience, Reece STILL pursues Cleo when he realizes that everything isn't as it appears. Don't get me wrong, he isn't following her like a puppy trying to win her back. He figures out that she is hiding something, that she didn't break up with him to see other people as she originally said.

Most adults would struggle with that public rejection, but here is a teenage boy taking it like it's nothing. That's how much he cares about Cleo.

Little does he know, her secrets are deep. There is lying, betrayal, and cruelty. Not on Cleo's part, she isn't the only actor in this situation. She's just the main piece that takes the fall.

In the end, I like that Reece doesn't play hero. It's realistic, he doesn't use physical force to avenge Cleo. He's there for her, and does what he can to support her, but doesn't turn all Hulk.

As expected, the supporting characters are well developed and Cleo's best friend and sister are pretty amazing.

Reece and Cleo are a sickeningly perfect couple, they are solid and truly love one another. It's beautiful and you can't help but cheer for them.

Once again, Amity does not disappoint. This book edges toward the more adult side of YA, but I think it'd be great for any age.

Crushed

By jlmac3011

I read this book because I recognized the author's name. I read a book called Twisted by Amity Hope and loved it. I figured this would be a good book as well. It definitely was.

I like the way the author builds her characters. The reader can't help but become engrossed in their lives.

Reece is a great character. Although he comes from a privileged background he is not a snob. He is a caring, genuine guy. His feelings for Cleo are so apparent. Cleo is trying to survive her life. She wants to do what is right. She puts the needs of others before her own and that just really sucks. She is a teenager and shouldn't have to deal with what she does. Amity drew me in with these two characters.

The story line was a great one. At first the voice we hear is Reece's. He can't understand what went wrong with his relationship with Cleo. He is trying to figure it out. Then the reader gets a glimpse into Cleo's life and things start to fall in place. It's heartbreaking to see two people who belong together be kept apart. I like the way Reece starts to open his eyes to what's going on and that he doesn't give up on Cleo. This is a great read.

I like it when I can find an author that doesn't disappoint. This is the second book I have read by Amity Hope and both experiences were worthwhile. I will definitely read any other book by Amity Hope. Her writing is excellent and her characters are ones I can attach to. Very Satisfactory read.
