The Word of God is like a seed and your heart is the soil.

Most Christians want change in some area of their lives. They try and try to make those changes but soon find themselves falling back into the same habits and behaviors. Self-discipline and self-control have once again failed them.

So how does lasting change take place? A worm doesn't struggle to become a butterfly in the cocoon. A seed doesn't strive to become a tree and produce fruit. They simply do what they were designed to do by god and the change takes place, effortlessly.

The Word of God is like a seed and your heart is the soil. When it's planted and nurtured in the soil of your heart, it begins to grow. The result is transformation; and the fruit becomes evident to all. If you want real change in your life, this book is for you.

Great book!

By Donna

It really teaches that the Word of God is what gives life and it's like a seed in our lives. Whatever we need is in The Word, all we have to do is plant it in our heart. It's effortless compared to being used to having to make everything happen. We're so performance-based in our society that it's hard to accept the grace that God works through to give us all provisions of the Cross. This guy really teaches well and is very easy to understand and uses a LOT of WORD to get the message across which is what I want. Not somebody's opinions and thoughts ... but show me in God's Word. He does this ... effortlessly :-)

Great!!!

By Wandering Paladin

I love the kindle version, but I must say that I love Andrew's teachings. He makes it so simple, he once said in a teaching that it is so simple you need someone's help to get confused. This is the first time I've bought the kindle version of this book but it isn't the first format I have purchased.
