Books for School

By Merle N. Savedow

I bought several of these because we needed them to fill in for a reading series that our school district adopted. Unfortunately, a lot of the stories are boring. Wish we could afford the newer edition! The books were in good condition, but the students don't like them very much.

Home schooling can be fun.

By James Patterson

This is one of the books I chose for my granddaughters' home schooling. I found myself being entertained as I read her assignments. She couldn't understand why I enjoyed seventh grade reading so much.
