Great Primer Level for ETC

By SarahJB

My daughter is just beginning the process of identifying letters and learning phonics to build her reading skills. This book is a great beginner book. I love that it identifies a few main consonants and really focuses on learning them. There are a wide variety of skills used to support this learning. She loved all the various activities and it really helped cement those concepts. It would likely get to be too repetitive for a child who was moving quickly through the letters and sounds but it has been great for us with a bit of a slower pace. Love this program and this a great primer level option!

Great book a little repetitive but is ok

By Melissa Miles

Great book a little repetitive but is ok. My daughter likes it even though she is maybe a bit bored with it. Is well laid out. I would purchase again for my younger kids.

A little disappointed. Using it for my youngest for preschool

By msschwar

A little disappointed. Using it for my youngest for preschool. As a former teacher I find it rather boring.
