... class and when I first got it I was like okay I know enough about Domestic Violence

By Kizzy Lewis

I used this book in my Domestic Violence class and when I first got it I was like okay I know enough about Domestic Violence. However this book is really helpful in teaching about Domestic Violence all over the world. I liked learning new terms like Dowry. I also liked how it was easy to read and really made it clear about the challenges victims face. I liked that it looked in to more areas then just female victims or children. This book made my class very informative.

By HOLLY A.

This book has so much writing and the page corners are all turned it was not worth paying as much as I did. If I did not need the book I would have returned it, after paying extra for the book to get here it did come quickly. I will not wait till the last minute next time. My fault that I am stuck with this book.
