HER LUCKY COWBOY: A MONTANA MEN NOVEL BY JENNIFER RYAN PDF

Everything's bigger in Big Sky country, including the hearts of the Montana Men

Champion rodeo rider Dane Bowden is eight seconds from winning under the Vegas lights, one last hurrah before reluctantly returning to his family's Montana ranch. But his bull has other plans. When Dane wakes up, he's sure he's died and gone to heaven . . . because the doctor who comes to his aid is the same girl who saved his life and disappeared years ago.

Bell would do anything for Dane. He's the fantasy that always kept her going. A child genius hidden away by her family, Bell was the secret no one talked about, the girl no one wanted. Despite finding success as a young surgeon, she's still the awkward girl who's never had a boyfriend. So why does Dane, a notorious playboy and sizzling-hot cowboy, insist on taking her on a real date?

Bell is the only woman in Dane's heart. When a rodeo rivalry turns deadly, it's his turn to save Bell's life—because he sure as hell won't lose his guardian angel again.

Good story and characters. I enjoyed a this book and look forward to more from Jennifer Ryan!

By Casey M. Britton

Review for Ramblings From This Chick. ramblingsfromthischick.blogspot.com

Her Lucky Cowboy is my first book by Jennifer Ryan. While it is the third book in her Montana Men series, it can be read as a standalone with interconnected characters. There was a lot to like here, and I really enjoyed a lot about this book. There were however a few things that kept this one from being five stars for me.

Dane Bowden only has to last eight seconds on the bull he is riding in order to win the championship so that he can fulfill his plans and retire from bull-riding and return home to his family's ranch. But the bull has other ideas, and although he wins, he finds himself once again saved by the angel that saved him as a child. With her in front of him once again, Dane realizes that she wasn't just an angel that disappeared. Now a doctor, Bell is the first to jump in when Dane is injured once again. Dane is determined to get to know Bell, as she has never been far from his mind and he was never able to forget her. But Bell is reluctant to let Dane close knowing that her inexperience and social awkwardness can't possibly compete with the many women Dane is used to seeing. But Dane's accident is a wake-up call for him, and he is ready to prove to Bell that the only woman he wants is her. Can she let him in and trust him enough to take a chance on something more?

I liked both Dane and Bell. I thought that these two were great together and I loved their connection. Seeing them get to know one another and take things slowly was nice. Dane was patient and gave Bell time to adjust to something she had no experience with. Yet he also didn't let her avoid him or push him away like she tried to do. I was glad that he was persistent, and I think that was exactly what she needed. I loved seeing them figure things out, and they were really sweet with one another. Their feelings were genuine, and their connection was natural. They also had great chemistry, and the attraction between them was clear.

I will say that this book was very slow and frustrating at times. Bell had a horrible upbringing, and that had a huge effect on her. She was awkward and didn't understand things that most of us take for granted. She had a lot of ground to make up, and sometimes that was very tough to get through. I wanted her to stop constantly doubting Dane and quit pushing him away. I do understand it, but as a reader sometimes it got old. I also didn't care for the fact that there were extra POVs in this story besides just Bell and Dane's. I felt like it was distracting and gave this book a disjointed feel. While I understood the reason behind it and that the conflict/drama was needed, I felt like this delivery method was not to my taste and I would have preferred something else. I did like the characters here though, and I am very interested in going back and reading the previous books. Jennifer Ryan might have been a new to me author, but I will be looking for more from her in the future. If you like sexy cowboys with your romance, this is definitely a book worth checking out. Bell and Dane were great, and I think that a lot of readers will really enjoy their story.

Let me start by saying I enjoyed the last two stories. They weren't phenomenal, no, but they were good, solid contemporaries with solid foundations, and I enjoyed Jennifer Ryan's writing style.

So when HER LUCKY COWBOY came my way, I knew that I'd enjoy it...

...but I wasn't prepared for how much I would enjoy the youngest Bowden brother and his fight to win the heart of Bell -- a girl who for the longest time, he was convinced was an angel of his imagination. An angel who's blue feather he tattooed on his forearm.

Bell's life hadn't been easy, and your heart can't help but feel something for her. She was the illegitimate daughter, the granddaughter hidden in her grandmother's rooms, the girl who feared even innocently touching the fallen teen boy for fear of what her highly spiritual grandmother would do. Having grown up in that environment, Bell's sense of worth and belonging are severely lacking -- something that Dane wants to fix.

I loved how ... stern, I guess is an ok word... Dane was with Bell when they first re-meet as adults. He doesn't take no for an answer; he demands her eyes and her words. Bell, an incredibly bright woman, has some social issues -- and that, of course, stems from her early years.

I absolutely enjoyed the characterization Jennifer Ryan managed when it came to Dane and Bell. There were times where Bell's trust issues seemed to blow up too quickly, and then she forgave even more quickly, but I enjoyed Dane's patient ways (even when he was demanding answers from her -- he still did it in a caring sort of way). But mostly, I loved Dane welcoming Bell into his family, into his friendships, and giving her, finally, the sense of belonging she's craved for so long.

Emotional Wrecker

By Melody May

What an emotional ringer Her Lucky Cowboy happen to be. When I started to read this I didn't expected to be an emotional wrecking ball. Yes, Miley Cyrus Wrecking Ball popped in my head. Rough doesn't begin to describe what I went through as I read through the story. A lot of it stems from Bell's backstory. Oh my, I don't know if we could give an even more tragic backstory. Basically, she's the bastard daughter of Dr. Warwick, who made a mistake when he younger. Too prideful to admit he made one, he decide to hide Bell at his parent's home never look back. While there Bell didn't get a chance to feel love, because she was raised by crazy religious nut job called grandma. Seriously, she was horrible. There were times I wanted to crawl into the story to scream at the grandma and say, "You call yourself a christian. Oh my god you are a horrible person. Do you really think Jesus would be proud of you." Yes, I totally felt that way. I mean grandma would tell

"Bell every day that she was nothing but a sin, a spawn of evil, something to be hidden away from civilized, God-fearing people. Even her own parents had recognized the evil in her and cast her out."

Heart breaking to see those hateful words. Bell just needed someone to standup for her. Good thing Dane stepped up to the plate.

Dane is an awesome character. However, he's kind of a manwhore. I mean he had no problem with women chasing him, but when it came to Bell he had to change his game. Of course, when he hears about Bell's past, he really has to up his game. After all Bell has been told most of her life that she was evil and no good, even though she's a doctor. I love how Dane steps up and prove time and time again that he wants to be in Bell's life. It takes him a while to get her to understand.

Beside Dane chasing Bell, there is trouble a stirring. We see that one his friends is in trouble and he doesn't know how to save her. Another heartbreaking moment. I don't want to go into too much detail about that situation, but it does get a little hairy towards the end. We know there is a happy ending, but getting their is a big challenge. However, I do love this line that was towards the end:

"You have filled up my heart and my life with everything I never knew I was missing until I found you. I'm the lucky one."

Yes, you may melt. Loved this story, but you will need a box of tissue. If you aren't crying at some point Her Lucky Cowboy, you have truly been desensitized. This is a story that truly is about overcoming the past and finding a new hope and start. I can't wait for more from this series. There will be more to come with the next lucky bachelors.

I leave you with my all time favorite quote from the story which made me think of Aqua's Barbie Girl:

"He's like a one of those bug zapper lights. He attracts every blonde in a hundred-yard radius," Bell commented.
