Horrible Geography Box Set

By S Riaz

This box set contains ten books in the Horrible Geography series, written by Anita Ganeri. Very much in the style of the Horrible Histories, these are great fun and very informative. This set includes the following books:

Violent Volcanoes

Stormy Weather

Raging Rivers

Odious Oceans

Monster Lakes

Freaky Peaks

Earth-Shattering Earthquakes

Desperate Deserts

Cracking Coasts

Bloomin' Rainforests

An example of what is in one book (Bloomin' Rainforests) includes the stories of explorers who got lost in the jungle, the different layers of the rainforest, how to recreate the rainforest in your bedroom, some of the living creatures you might find there (including plant life and insects), the threatened destruction of the rainforests and their future, plus lots more. Full of facts and sure to both entertain and educate, these are really good value for money.
