Karma is generally understood as personal, and clearing karma is often considered an individual effort, with individual rewards. In *Opening Our Spiritual Eyes*, spiritual teacher Sri'ama Qala Phoenix shows how karmic clearing can also be used in collective healing. Karma is shared within families and communities, and clearing karma releases it from the etheric body of our children and future generations. The book was inspired by the ongoing "Celestial Project," a four-year global endeavor of Australia's Divine University that began in 2009. The project involves people gathering worldwide on specific dates to focus on the karmic cleaning of the etheric body of a major city.

Opening Our Spiritual Eyes draws on the author's experiences of meeting the Enlightened Masters, those wise spirit guides who, through her, present new understandings of the collective karma held within the world's primary cities and our etheric bodies—and how to free ourselves, our families, and our world from it with grace. Revealing what Sri'ama Qala Phoenix calls "the true nature of the divine plan for humanity and our Earth," the book shares essential keys for how we can become empowered to live in alignment with our divine purpose.

A spectacular and enlightening book about karma

By Spiritual Light

This is a most extraordinary book by an author whose spiritual journey led her to be a innovative teacher and healer of worldwide influence. In the beginning of the book, while attending a university lecture, Sri'ama Qala Phoenix encounters light beings who welcome her to the world of light. Soon after, Enlightened Masters (such as Sananda, Sanat Kumara, Archangel Michael) appear to her, informing her that she has a

mission and will be a teacher for humanity.

The author goes into depth as she describes her surreal journeys to other worlds in her light body. She saw beautiful things, such as crystalline light cities, as she learned from the Masters.

In her personal journey with karma, which details her relationships with herself and family members, the honesty and openness of her heartfelt writing cannot be understated as she describes overcoming her pain through love and understanding.

The book progresses to fascinating aspects of the Divine Plan for Earth and its inhabitants. An example of this is the description of the seven worlds of the Earth, their purpose and the beings that inhabit them (such as devas, fairies, angelic beings).

The reader is invited to help heal personal, family, and collective karma through powerful prayers that are provided. Also, a number of graceful poems augment the subject matter presented in the book. Finally, there is an account of a very special project created by the Enlightened Masters in response to the many prayers for world peace.

Direct messages from the Enlightened Masters, helping a recently deceased loved one continue his journey into the spirit world, aha moments, healing ceremonies involving sacred places and beings from other worlds, it's all here in this jewel of a book! There is an incredible deep well of strength, love and knowledge in the author's soul. It shows in her writing. An inspirational book for the ages.

Astonishing

By Nicole

This is very possibly the most astonishing book I've ever read. It is no less than a 400-page tome on how to clear karma at all levels—personal, familial/ancestral, collective (multiple levels), and planetary. Besides providing detailed information on the divine plan for humanity and the shift we're all going through, it also outlines in detail many of the aspects of our multidimensional consciousness not heretofore described, and explains the disparity we're seeing in levels of consciousness on earth via a shutting down of dimensions of our consciousness due to old individual and collective karma. The prayers and protocols outlined are brilliant; they began opening things up immediately for me, and have given me access to aspects of my consciousness that were previously shut down and inaccessible. The author clearly speaks from extensive esoteric experience, and every word of the book carries a powerful energetic transmission and attunement. I **highly** recommend this book to all with a deep interest in karma and karmic clearing; it is the most useful, informative, and noteworthy source I have found on this subject, bar none.
