The Sequel to MELTING MS FROST.

The steamy story of Annabel Frost and Aidan Flynn continues ... Can you handle the heat?

Before Aidan Flynn had swept into her life with the destructive force of a wildfire, Annabel Frost had thought she'd had all she needed from her life. A successful career, financial independence, emotional restraint. Things that were safe, secure, steady. Everything her childhood hadn't been.

Aidan represented none of that. Reckless and risky he'd been the red hot flame that melted the icy layers of her long-frozen heart. Having run from him once, Annabel should have learnt to leave trouble well enough alone.

But now Aidan is back, turning up the heat. And regardless of the danger of getting herself badly burned, Annabel can't seem to resist the temptation to play with this particular fire.

Gripping!!!

Book provided by the publisher on NetGalley in exchange for an honest review

Playing with Fire is the sequel of Melting Ms Frost. I absolutely loved the first book and I was really excited to dive into Annabel's and Aidan's world again.

Aidan's back and they start properly dating. It was great to see them from a different point of view and I enjoyed getting to know them better. We learn more about Annabel's childhood and past, which makes her behaviour clearer and more understandable. I liked Aidan much more than in the first book, because he was so understanding, caring and of course very hot and sexy. He gives her space, he takes care of her, the perfect gentleman I'd say.

We also get to know him better in this book. He goes to Ireland, to pursue his plans. That means his family is finally introduced and this beautiful surrounding in Ireland. I loved reading about his home.

The sexy scenes were the best thing about this book! Kat really has a talent when it comes to hot, steamy sex scenes. Full of desire, passion and intense moments.

Annabel had a lot to figure out in this book. Was she finally ready to give herself to Aidan?! She was definitely melting...

In the first part of the book I felt that there was no real storyline, but that changed and the drama increased dramatically, it made me wonder about their future, was there a future for them?! And OMG towards the end it got really intense, powerful and scary at times.

The title is very clever and it fits the whole story and the characters perfectly, in more than one way.

Yet another gripping and marvellous book by Kat Black, I can't wait for more!!!

You will want your own Aidan!

By Linda Miller

"Playing with Fire" is the sequel to Melting Ms Frost and is equally as well written and engaging story line. I was sucked right back in, loving Aidan, having moments of absolute hate for Annabelle and times of wishin she would just open her eyes and face the very best thing standing in fron of her.

The storyline picks up six weeks after the end of Melting Ms. Frost and with Aidan coming to Annabelle determined to get her back, since in typical Annabelle fashion avoidance is her go to when emotions become involved ; so she bolts!

Aidan challenges Annabelle's walls, he is a strong alpha dominant force , patient and has an uncanny ability to read Annabelle's emotions and be what she needs when she needs it . Aidan, scares her, she is normally, an independent strong willed women and Aidan has the ability to get past all of that .

Trying to get past Anabelle's original ice wall was hard enough , but now after the attack her and her mother suffered at the hands of her step father in the last book her fears and insecurities may prove to break Aidan's never ending patience.

Aidan may have difficulty breaking down her emotional walls; but he has no such problem with breaking through her physical walls and he let's his dominant side shine through. He is rewarded with Anabelles physical submission after working hard to gain her trust; unfortunately Anabelle manages to break his heart and bolts again when the truth of his feelings for her become known. It takes Aidan taking severely ill to open her eyes to what she is running from, but will it be too late?

Great sequel

By Alba in Bookland

Playing with Fire is the sequel of Melting Ms Frost where we met Annabel, an ice queen who ruled her restaurant with iron hand and had no interest in personal relationships. Until Aidan. This gambler Irishman loves challenges and Annabel sure is one. But then Annabel and her mum's past came back to almost destroy them. This story begins six weeks after they ended in hospital and Annabel run away from Aidan because she realised she cared too much for him. But Aidan is back and determined to give them another chance.

In this story we get to know Aidan and Annabel so much more. They start dating and we see new sides of them. Annabel is almost ready to give herself to Aidan (not completely but close) and we start loving and understanding her a bit more, the ice queen has slowly melted. Aidan is the perfect gentleman, always

anticipating Annabel's needs and giving her space when she needs it. You can tell how much he cares about her. And in the bedroom he forgets his gentleness and gives us some really sexy scenes.

It was also lovely to get to know Aidan's family in Ireland, a setting beautifully described by Kat Black. I just wanted to jump on a plane and visit the Emerald Isle (let me know if Aidan is available for guided tours). All in all *Playing with fire* is a beautiful tale that Aidan and Annabel's old fans (and I'm sure new ones too) will love. Full of drama and with some unexpected twists, I am sure it will keep you hooked for hours until you know everything about this explosive couple.
