# **REAL SERVICE [EPUB] BY JOSHUA TENPENNY, RAVEN KALDERA PDF**

In any consenting and negotiated personal service relationship, there are hundreds of ways in which the servant can make the master's life easier, and the master can manage the servant most effectively. Why is it that we usually only hear about a few of these ways, mostly sexual service, kinky play, and BDSM, or perhaps leather care or formal tea service? From housework to driving to child care to personal care, nearly anyone who is in service (or who would like to be) has dozens of skills they already know that they can offer as a service, and there are countless more practical everyday skills they can learn. Real Service is a handbook for service-oriented submissives and the people they serve, providing techniques to help a service relationship function smoothly, and suggestions for service that can be offered.

More than expected

By Miguel Maldonado

I purchased this book based on a review found online, comparing M/s life books. It stuck out by being the only one about service. All I expected was a list of real world ways to provide services to another. So that I could give my partner more ideas of things she could do. It contains much more than that, the list I expected was only the last part of the book. The info in the first 4 or 5 chapters helped me much. However it is how it helped her that made me write this review. It made her choice to submissively provide non-sexual daily services to me go from a secret shameful feeling to a honorable life choice.

Five Stars

By Jerry Swinner

Very good and helpful

0 of 0 people found the following review helpful.

full of incredibly useful info I haven't found in almost any other book ...

By Amazon Customer

Way under priced, full of incredibly useful info I haven't found in almost any other book that touched on this subject.
