Decent read

By Jeff'sGirl

I bought this book for a class I am taking for college. I find it to be a decent read, with many good points about Jesus life. It can be somewhat difficult to get through at times (I am very picky about print types, and his is not usually what I enjoy) but it is easy to understand and helps define things you may never have been able to previously.

Required

By Kelly Rendleman

This was another book that was required reading for one of my Theology classes. It has been a bit harder to read. I don't know that I will ever read it again after class is done.
