The PI Guys: Book Two

Screenwriter Noah Ashley has a few four-letter words for his agent when she suggests he improve his script by shadowing a PI. Still, because he's an artist dedicated to his craft and she knows where the bodies are buried, he agrees. Then he spends a little time with the gorgeous PI, and suddenly it seems like a really good plan. The PI doesn't seem to entirely love the idea, but Noah has never been afraid to go after what he wants.

PI Drew Rodriguez is used to people depending on him. He's the classic rock for his family. Responsible. Dependable. The classic rock would never succumb to the borderline sleazy temptation of friends with benefits, no matter how sexy that temptation is. Drew is looking for something enduring.

Despite Drew's misgivings, it's not long before they've got all the requisites for friends with benefits going. Friendly, good conversation? Check. Fun times in and out of bed? Check. Hot, electrolyte-sapping sex? Double check. Falling in love? Yeah. About that....

Must read!

By MissyM13

I thought Stay With Me was an awesome book, but So Into You topped that one. I love the series. I love this book! It was filled with lots of humor and hot sex. Author did not disappoint. Will continue to buy books from this author in the future. Highly recommended, but if you did not read Stay With Me, read that one first.

Didn't dissappoint

By J. Avila

I have been looking forward to this book for such a long time so I really tried to read it slow and make it last, and yet I found myself up half the night just trying to get in one more chapter, one more chapter! I was worried because I loved the first one so so much and because I was looking forward to this one for so long I was afraid I would be disappointed or it wouldn't live up to the hype. But I loved it. I love this author's writing style. I love the wit and sarcasm and humor in her books. Gosh, some of the descriptions she comes up with and the metaphors! OMG, such an imagination!! I love her characters. They're all so likable, genuine, vulnerable manly men! I love watching two reluctant, gun shy men fall into love against their will. I love the banter and the camaraderie, and the friendship that exists before we get to the steamy parts. And the steamy parts. Ho-lee Crap. So steamy. Which brings us to Mac. I love love love Mac. And I love Mac and

Jordan and it was great to get a glimpse of their life as well. I love the relationship between Mac and Drew. I just love this world the author has created and all the people in it. Once again its everything I love in a romance novel, its just a really fun, sweet, hot, entertaining read and I hope we get a book 3! and for those who might wonder it has a HEA and no cliffhangers and while it can be read as a stand alone, you absolutely should read the first book first just because you should! Highly recommend!

Omg Drew & Noah

By Oor Janie

Wow I loved their story. I laughed and sometimes wanted to scream at them - that just made it better. I adored the wit and sarcasm. Soooo good. They had their moments that made it so real. I love the writing and think this was an amazing sequel to Mac & Jordan. Sooooo worth the wait!!!
