Four Stars

By megan thompson

I had a hard time reading this book. A ton of info though.

2 of 2 people found the following review helpful.

Sprit of the Witch

By Julie P. Ieronymides

Yet another excellent book from Raven Grimassi! Good for beginners to the Craft or the crones and sages! Excellent research and information important to all Witches. Raven Moon, HPS Coven of Corvus Moon

The Next Step

By A Customer

Unlike a number of other books on witchcraft, Spirit of the Witch is about the spirituality of witchcraft and the author, Raven Grimassi, takes us on a journey to discover the basic principles that unite all witches, our "commonality."

Ask any long-time witch and she will most likely tell you that spell-casting is but a small part of being a witch. We spend a lot of our time doing "normal" things: dishes, laundry, shoveling snow, mowing the lawn, and cursing at the computer. Spell-casting is usually set aside for occasions of great need.

Grimassi displays our strong connection with trees, stones, fire, and the natural world quite admirably given the non-conformity of our character. Symbolic meanings are given for mytho-magical items such as the cauldron and the broom. There are also the meanings and the use of the tools of the Craft as well as dedications for each: the pentacle, wand, athame, and chalice. Nearly all of the basics of the Path are covered here.

So what makes a witch? Who is allowed to be a witch? As Grimassi well knows, the answer to those questions changes with each witch you ask. Despite this little glitch of ours, Grimassi walks the noble path of self-discovery and gives the reader an example of a dedication to perform.

White, grey, or black witches; the Sabbats, Solstices, and Equinoxes; responsibility for our own actions, and self-discipline are all discussed within the pages of this book.

After you have gotten your fill of spell-crafting and beginner's books, Spirit of the Witch offers the reader the next step into the realm of witchcraft.
