THE BEGUMS OF BHOPAL: A HISTORY OF THE PRINCELY STATE OF BHOPAL BY SHAHARYAR M. KHAN PDF

Between 1819 and 1926 four Muslim women rulers reigned over Bhopal, the second largest Muslim state of India, despite staunch opposition from powerful neighbors and male claimants. Even the British India Company initially opposed female rule in Bhopal until the Begums quoted Queen Victoria as their model and inspiration. Each Begum--or Queen--impressed her own personality on the role and succeeded in reigning over a mostly Hindu population. Qudisa, the first Begum, was supported by her powerful French-Bourbon Prime Minister in her departure from the traditional. She was succeeded in 1844 by Sikandar, her only daughter, who was also followed by her only daughter, the highly controversial Shahjehan. The story ends with the last Begum, Sultan Jehan, and her abdication in favor of her son, the first male ruler (Nawab) of Bhopal in five generations. This book offers the first balanced history of the state.

4 of 4 people found the following review helpful.

Loved the Begums

By Syed Naqvi

This was a well written book about the rulers of Bhopal. It was written by a descendant of the "Begums" and was full of anecdotes. It flowed well, and was well organized. The topic was very interesting to me, but might not be equally so to someone less interested in Indian history. I bought a second copy of this book and sent it my cousin who also very much enjoyed it. Generally, I would recommend it as a good read for anyone interested in Indian history.
