Mrs Hargreaves comes to life

By Pablo

I read this book a few months ago. It is sort of a guilty pleasure and an escape from reality. I fully put myself into James' character and found my heart pounding with fear unlike other books where you analyze from a distance. I suggested to my girlfriend that she read the book and the next thing I know she buys 1880 period clothes and boots (Miss Hargreaves), a beautiful chestnut 140 year old bedroom set, a set of Lochgelly tawses from Scotland, a one meter dragon cane, ropes and straps etc. etc!!! She is a very strict school teacher in real life and I think reading this book has brought out the dominate female in her. Well, I go and visit her and she is immaculately dressed with her hair and nails done looking right out of 1880. I am looking at Mrs Hargreaves! I go along for fun or so I thought since we trust and love each other. I find myself bare, tied up in a most compromising way and tawsed senseless as she played Phantom of the Opera. She says it's the most enjoyable and exciting thing she ever did. Annie Bee seems to really know her stuff because everything she mentioned happened to me. This book has given me mixed feelings, excitement, a really sore backside and a girlfriend who says she has found her inner self.

Exactly what it says!

By AlexJouJou

A very solid corporal punishment book with above average descriptions. Tawses, canes, paddle's and some sex scenes. Although the punishment is the focus. It is primarily F/m and F/f and it contains exactly what the title says. When you break the rules of your rental you get punished at the birching block.

Tension & Pain

Excellent job creating the fear, anxiety and excitement that arises when you know punishment is coming.
One can almost feel the power and the pain in the cane and hellstrap.
Great job!!
