It's no have to go outside under the heats up at mid day to go to guide establishment.

From Library Journal

While many people's idea of the 1950s may come from reruns of *Happy Days*, this book explores forces lurking behind the visage of a grinning Ike. Although the 1960s stand out as a decade of social upheaval, the 1950s had the Korean War, Joseph McCarthy, the beginning of desegregation, and polio. Selected by editor Foreman (English, George Mason Univ.), the essays in this book concentrate on popular culture as both the agent of social change and its reflection. Using icons from Elvis to the Edsel, Foreman shows how the subtle cultural changes of the 1950s foreshadowed the dramatic transformations of the next decade. Perhaps nothing symbolized our changing vision of ourselves more than television, with ethnic shows such as *The Goldbergs* or *Life with Luigi* early in the decade giving way by its close to ethnically neutral *Ozzie and Harriet* and *the Cleavers*. For popular culture collections. Dan Bogey, Clearfield Cty. P.L. Federation, Curwensville, Pa.

Review

"These invigorating and original discussions make it clear: the 1950s are a decade that no one really knows." -- George Lipsitz, author of *Rainbow at Midnight*. "Foreman and his contributors see a time when there were many examples of subversive thoughts and behaviors. [They] look at cracks in mainstream culture, television, film and gender, and literary studies... Thought provoking." -- Choice

From the Back Cover

From the Edsel to Eisenhower, from *Mau Mau* to Doris Day, and from Ayn Rand to Elvis, contributors to *The Other Fifties* topple the decade's already weakened image as a time of unprecedented peace, prosperity, and conformity.

Most helpful customer reviews

5 of 6 people found the following review helpful.

Celebrates pop culture's cultural subversives in the 1950s

By A Customer

THE OTHER FIFTIES challenges the nostalgic notion that the decade was populated by placid conformists. Essays on Elvis, Kim Novak, Rock Hudson, Nikita Khrushchev (among others) show how

television, Hollywood, Broadway, and the book industry assaulted conventional mores and helped make us what we are today
