# **THE SCHOOL AND SOCIETY AND THE CHILD AND THE CURRICULUM (CENTENNIAL PUBLICATIONS OF THE UNIVERSITY OF CHICAGO PRESS) BY JOHN DEWEY PDF**

This edition brings Dewey's educational theory into sharp focus, framing his two classic works by frank assessments, past and present, of the practical applications of Dewey's ideas. In addition to a substantial introduction in which Philip W. Jackson explains why more of Dewey's ideas haven't been put into practice, this edition restores a "lost" chapter, dropped from the book by Dewey in 1915.

Five Stars

By Sallye Jefferson

Very relevant to today's educational system -- wish the school would follow the ideas

4 of 4 people found the following review helpful.

Important Book

By Jeremy J. Ekeler

Dewey is not exactly light reading, and this little book is pretty heavy. But it's also vitally important in understanding how kids learn. I'm a college coach, but I took much away from Dewey's principle of authentic learning. This is standard reading for any educator, but I'd press coaches, mentors and anyone else involved with improving young lives to read this. Dewey is so classic is almost cliché...but there's good reason for that.

Timeless wisdom

By Connie Johnson

Although written nearly 100 years ago I was dumbstruck at how relevant his writings are to contemporary society as relates to the field of education. Anyone involved in matters regarding education should read this timeless classic.
