THE WAVES: VIRGINIA WOOLF (ENGLISH EDITION) BY EDITORIAL EMPIRE, VIRGINIA WOOLF PDF

One of Woolf's most experimental novels, *The Waves* presents six characters in monologue - from morning until night, from childhood into old age - against a background of the sea. The result is a glorious chorus of voices that exists not to remark on the passing of events but to celebrate the connection between its various individual parts.

What were you thinking?

By Amazon Customer

I am only commenting on the product itself, not the content as the font is so tiny that I am unable to read the book. In addition, while the book has an ISBN, it is not actually a real book. It is absent the usual publishing information, claiming to have been published in 2015. It was originally copyrighted in 1927 and has been copyrighted twice since then.

This is a famous piece of literature. It is a shame that you bastardized it so badly as to make it unreadable. I regret that I didn't know how to address this problem timely enough to return it and get a refund. I will have to look elsewhere for a used copy that is readable.

Font size too small

By Faith A Morrison

This book is printed in a font size that is noticeably too small. That was very disappointing.

0 of 0 people found the following review helpful.

It doesn't read like a novel

By Anthony M. Bates

This edition of *The Waves* is to be avoided. It is printed in very small print by an anonymous publisher, no notes, no intro, and no breaks to indicate the nine interludes. Looks to me as if some one ran it off in their basement. V.W. called the book a Ply/poem. It doesn't read like a novel. It is a unique item. It very enjoyable and deeply introspective.
