THEORIES OF COUNSELING AND PSYCHOTHERAPY: SYSTEMS, STRATEGIES, AND SKILLS (4TH EDITION) (MERRILL COUNSELING) BY LINDA W. SELIGMAN, LOURIE PDF

Reviewing *Theories Of Counseling And Psychotherapy: Systems, Strategies, And Skills (4th Edition) (Merrill Counseling) By Linda W. Seligman, Lourie* is a quite valuable interest and also doing that could be undertaken at any time. It means that checking out a publication will not restrict your activity, will not compel the time to spend over, as well as will not spend much money. It is a really inexpensive as well as obtainable thing to acquire *Theories Of Counseling And Psychotherapy: Systems, Strategies, And Skills (4th Edition) (Merrill Counseling) By Linda W. Seligman, Lourie* However, with that very affordable point, you could get something brand-new, *Theories Of Counseling And Psychotherapy: Systems, Strategies, And Skills (4th Edition) (Merrill Counseling) By Linda W. Seligman, Lourie* something that you never do and enter your life.

From the Back Cover

Theories of Counseling and Psychotherapy: Systems, Strategies, and Skills offers an innovative look at emerging and well-established counseling theories. Organizing theories into four broad themes (Background, Emotions, Thoughts, and Actions), authors underscore key similarities and differences in each approach. Moving beyond a traditional theories book, chapters include skill development sections that connect counseling theories with clinical practice. Fully revised, this edition brings a stronger multicultural focus, includes over 400 new research references, and offers new activities to sharpen clinical understanding.

- Expanded research coverage includes over 400 new references that validate each treatment approach in the text.
- More information on cognitive and cognitive-behavioral treatments appears in Chapters 12-16.
- New information on psychodynamic psychotherapy, experiential therapies, and interpersonal psychotherapy appears in Chapters 2, 5, 6, 18, and 19.
- More on the common factors approach appears in Chapter 1 and Chapter 19.
- A stronger multicultural focus covers Hayes's ADDRESSING acronym and revises multicultural sections in each theoretical chapter.
- Consolidated coverage of solution-focused therapy appears within Chapter 11 on constructivist theories.
- A reorganized integrative therapy chapter (Chapter 19) expands discussion of Wachtel's cyclical psychodynamics and the transtheoretical model of change.
- Expanded treatment of spiritually-integrated approaches appears in this edition.

About the Author

Linda Seligman, Ph.D.

Dr. Linda Seligman received a PhD in counseling psychology from Columbia University. Her primary research interests included diagnosis and treatment planning as well as counseling people with chronic and life-threatening illnesses. Dr. Seligman was a professor at George Mason University for 25 years. She served as co-director of the doctoral program in education, coordinator of the Counseling Development Program, associate chair of the School of Education, and head of the Community Agency Counseling Program. She was later named professor emeritus. Dr. Seligman also served as associate at John Hopkins University as a faculty member in counseling psychology at Walden University.

During her lifetime, Dr. Seligman authored 14 books, including *Selecting Effective Treatment; Diagnosis and Treatment Planning in Counseling; Developmental Career Counseling and Assessment; and Promoting a Fighting Spirit: Psychotherapy for Cancer Patients, Survivors, and Their Families*. She also wrote more than 80 professional articles and book chapters. She lectured throughout the United States as well as internationally on diagnosis and treatment planning and was recognized for her expertise on that subject. In 1990, the American Mental Health Counselors Association (AMHCA) designated Dr. Seligman as Researcher of the Year. In 2007, AMHCA honored her with the title of Counselor Educator of the Year.

Lourie W. Reichenberg, MA, NCC, LPC

Lourie W. Reichenberg is a licensed professional counselor in private practice in Falls Church, Virginia. She is also a therapist and clinical supervisor at The Women's Center in Vienna, Virginia. She earned her master's degree in counseling psychology from Marymount University where she is currently an adjunct in the School of Education and Human Services. She has taught crisis counseling, abnormal psychology, and counseling theories at the graduate and undergraduate level. She is completing certification in emotionally focused couples therapy.

Reichenberg is currently a member of the CrisisLink LOSS team, which provides assistance in the community after a suicide has occurred. She served on the CrisisLink Board of Directors from 2003 to 2006, and is on the organization's Advisory Council. She is a past editor of the Northern Virginia Licensed Professional Counselors, and was the editor of the Journal of the College and University Personnel Association from 1988 to 1993. She coauthored *Selecting Effective Treatments* (2007) with Dr. Seligman, has published many professional articles including "Grief and Loss," a chapter in the forthcoming book *Crisis Counseling* (in press), and has edited more than 30 books and monographs. Her primary interests include crisis counseling, grief and loss, and helping individuals, couples, and families cope with life transitions. She approaches her work as a therapist, educator, and community volunteer, from a humanistic, person-centered, and emotionally focused perspective.

Great for students

By Andrea Hanna

This book gives detailed descriptions of many of the most common/well-known counseling theories. This is the second theories book that I have had to use in my course of study and it is by far the better of the two. I am not finished with the entire book yet, but there does not seem to be any clear basis towards any one theory so far. There is detail about the history of the developer of the theory/theory itself, practical applications for current populations and methods utilized for each of the theories in this book.

The picture of the book is not the same picture ...

By Michelle

The picture of the book is not the same picture that I got. So far the book is what my assignments are aligned to but I did notice that my book says it is supposed to be sold in certain countries only. Im not sure what to think about that.

Good Conceptual Knowledge

By Amazon Customer

Loved the "followable format" of this text, especially as I was reading on Kindle and not able to mark it up as I would a print text. The format made it easy to go back and find information.
