Informative Campaign Bio

By K.A.Goldberg

Then-Governor Jimmy Carter mixes personal biography and a modest agenda in this readably serious advertisement for his upcoming 1976 run for the White House. Honest and forthright, Carter is at his best describing his upbringing in rural Georgia and years as a U.S. naval officer. He's nearly as good describing the need for an energy policy, international diplomacy based on morality, and increasing opportunities for the poor. But the book lacks specifics on Carter's capable term as Governor of Georgia. Also, there's little sense here of what would arguably prove to be Carter's greatest weakness as President - his aloof unwillingness (or inability) to smooze important members of Congress. The book's title comes from Admiral Hyman Rickover, who as Carter's naval commander always demanded that his men do their best. This is a surprisingly good portrait from the standpoint of years later.

"Why not the best?" is the best introduction to Carter

By a friend of public servants

This book is the campaign biography which helped elect Jimmy Carter in 1976. He takes the title from the question Adm. Rickover asks of all naval cadets, 'in your life was there ever a time in which you did less than the best?' He would follow up the question with "Why not the best?" as a way to focus young men, including James Earl Carter, on striving for excellence. The book outlines in detail what Carter would later refer to as his "sources of strength." This book is a must read for those who feel Jimmy Carter is a model of public service, an outstanding peacemaker, and our best ex-president.

Why Not The Best

By A Customer

I am writing a review simply because the other person's review was so obnoxious and mean-spirited. Carter was the most honest and decent man we have ever had running the country, at least in my lifetime. And he is probably doing a lot more with his life right now than that reviewer ever will. Shame.
